### MRS. BRECHT AT HOME.

Physician's Wife, Who Was Sought by Police, Was Visiting Sister. Mrs. Nelson D. Brecht, who disappeared from her home at 609 Twenty-second street northwest, on Friday evening last, while her husband, Dr. Brecht, was playing chess with his father, returned yesterday from Philadelphia, where she has been visiting a sister. Dr. Brecht notified the police of his wife's disappearance and asked that a search be made for her, but the police were unable to locate the woman. Mrs. Brecht's mother says her daughter left home because of a slight unpleasantness with her husband.

### GREEK OFFICIALS SILENT.

No Reports of Arrest of Alleged Debaucher Reck Legation Here. Officials at the Greek Legation here asked last night as to their attitude on the protest made by the immigration authorities on the refusal of the captain of the Greek liner Themistocles to allow the removal from his vessel of Nicholas Likas Simopoulos to Ellis Island refused to issue any statement. The official protest from New York has not been received, said one of the attaches, and no comment may be expected until full consideration of the matter has been given. The trouble arose when the immigration officials, acting upon the request of the Greek Minister, attempted to remove Simopoulos from the steamer Themistocles when she docked Sunday afternoon. Advice from Greece stated that Simopoulos was wanted in Piræus for the alleged defalcation of \$4,000,000 in government funds.

## STERNBERG IS NAMED

Heads Board of Visitors of Government Hospital.

COMMITTEE TO LEARN NEEDS

Body of Five Members Will Consider Problems Connected with Institution and Probably Formulate Policy for Guidance in Future. Full Attendance at Meeting.

The board of visitors of the Government Hospital for the Insane (St. Elizabeth's) met at 3 o'clock yesterday afternoon in the library of the New Willard. Dr. F. M. Gunnell, who has been president of the board for ten years, having resigned, Dr. Walter Wyman, Surgeon General of the Public Health and Marine Hospital Service, who had been designated by the Secretary of the Interior as acting chairman, called the meeting to order. There was a full attendance of the board, including the new member, Surg. Gen. Stokes of the navy, recently commissioned as the successor of Judge William A. Maury, former Surg. Gen. O'Reilly, of the army, who had been named to succeed Dr. Gunnell, declined attendance because of intended absence from the city and inability to give attention to the duties of the position. This vacancy will, doubtless, be filled shortly.

Dr. William A. White, superintendent of the institution, read the minutes of the previous monthly meeting of the board, which were approved, and it was directed that the letter of resignation and acceptance thereof passed between Dr. Gunnell and the Secretary of the Interior be spread on the records, and that an appropriate minute be prepared touching the retirement of both Dr. Gunnell and Judge Maury.

The two ranking members of the board, Dr. Wyman and Dr. G. Lloyd Magruder, declining nomination for president of the board, Dr. George M. Sternberg, former Surgeon General of the army, was unanimously elected to that position.

To Consider Hospital's Needs.

The fact was announced that steps had been taken to create a committee of five, one to be named by the Secretary of War, one by the Secretary of the Navy, one by the Commissioners of the District, and one by the board of visitors, and the fifth member to be Dr. White, to consider the needs of the hospital.

The board designated Scott C. Bone as its representative on this committee, which will take up important problems connected with the institution, and probably formulate the policy for its future for a period of years. The population of the hospital is increasing yearly, and it is the sentiment of those in authority that improvements and necessary expansion should be along definite and well-considered lines. Surg. Gen. Stokes will represent the Navy Department on this committee.

There are now eight members of the board—Surg. Gen. Wyman, Dr. Magruder, former Surg. Gen. Sternberg, Mrs. Henry G. Shaffer, Rev. Dr. John M. Schick, Miss Beale J. Kibbey, Surg. Gen. Stokes, and Scott C. Bone—all of whom were present at yesterday's meeting. It is understood that Dr. George H. Torney, Surgeon General of the army, will be designated to fill the one existing vacancy and also serve on the committee of five.

The matter of a recent complaint from Congress Heights that patients were allowed too much freedom in the vicinity of the hospital did not come before the board. The Assistant Secretary of the Interior, Mr. Ucker, and the chief clerk, Mr. Ucker, with Dr. Gunnell and Judge Maury, took up the complaint at the time and inquired into it, but found no basis for an investigation. The complainant was asked to formulate any charges he might wish to make, and was assured that they would receive attention upon the return of Dr. White from Europe. Assistant Secretary Wilson stated yesterday that no charge or charges had since been formulated, and that there was nothing before the department calling for further investigation or consideration.

### WEATHER CONDITIONS.

U. S. Dept. of Agriculture, Weather Bureau, Washington, Monday, December 19—8 p. m.

The northern disturbance of Sunday night has reached Eastern Ohio and low pressure continues east of the Mississippi River, with general snow and rain over the central and northern districts except Middle Atlantic States. In the West pressure is still high with generally clear weather, with the exception of light rains in Southern California and snows in Southern Nevada and Northern Arizona.

Seasonable temperatures prevail, except in the Upper Lake region, where they are rather low, and in the Central Rocky Mountain region and the Northwest, where they are comparatively high.

There will be local snows Tuesday from the Lake region, eastward, and in the West from the Pacific States, Maryland, and the Virginia, followed by generally fair weather Wednesday. Over the remainder of the country the weather will be fair Tuesday and Wednesday, except in the Southeast, where there will be snows and rains.

It will be colder Tuesday in the Ohio Valley, the Lower Lake region, the Middle Atlantic States, and New England, and colder Wednesday in Northeastern New England. In the West and South temperature changes will not be of great consequence.

Steamers departing Tuesday for European ports will have moderate to brisk westerly winds, with unsettled weather to the Grand Banks.

## UNION OF CLERKS DOUBTFUL

Proposed Move Is Confined to Unverified Rumors.

American Federation of Labor Willing to Aid, but Has No Formal Notice.

Whether Uncle Sam is about to face the problem of organized labor in the several departments was a much discussed question last night. In the absence of definite statements from either the clerks or the labor organizers, several conflicting opinions were current.

When seen last night, Secretary Morrison, of the American Federation of Labor, stated that the knowledge of the Federation as to the proposed "union" was limited to a telephone inquiry made several days ago by two Treasury employees. They were told by Mr. Morrison that if the clerks desired to effect an organization they could rely upon the aid of the Federation. No further inquiries have been made.

According to statements made by Cabinet officials yesterday, nothing is known by the department heads of the movement. It is ascribed by the officials to have emanated from rumors started subsequent to President Taft's announcement that the clerks could be held an additional thirty minutes a day where accumulated work necessitated the extra time.

### REMANDS NEGRO TO JAIL.

Irving Green Is Held on Purse Snatching Charge.

Arraigned in police court on a charge of snatching a pocketbook from Mrs. Alice V. Jenkins, on the night of December 10, Irving Green, negro, was yesterday committed to jail by Judge Mulwain, in default of \$2,000 bond, to await the action of the grand jury.

Green alleges that while a prisoner at the Eighth precinct station a hose was turned on him while he was locked in a cell, and that a policeman blacked his eye to force a confession of the pocketbook snatching. A number of policemen attached to the Eighth precinct denied the allegations of the negro. Little importance is attached to Green's statement, as the police say, he was drunk when he reached the station.

### Senator Root's New York Home.

Senator Elihu Root has leased for a long term of years the entire tenth floor in the new apartment house at 508 Fifth Avenue, corner Eighty-first street, New York. The accommodation consists of twenty-two rooms and eight baths. Mr. Root and his family will occupy the apartment next fall. Eugene Meyer, Jr., bought Mr. Root's former residence on the corner of Park Avenue and Seventy-first street, recently. It is said that the rent of the apartment is about \$30,000 a year, and this stands as one of the heaviest renting transactions in apartment house history.

### Ban on "Iron" Candy.

Dr. R. L. Lynch, District chemist, is hot on the trail of merchants who sell candy containing iron and other injurious substances. He has hundreds of samples of sweets in his office, and is making careful analyses of their ingredients. There is a District regulation providing that candies must contain no harmful ingredients, and Dr. Lynch intends to carry out this law.

### May Adopt New Horsehoe.

Heads of various departments of the District government are considering the adoption for general use of a new horsehoe, the invention of William F. Downey, of 1622 L street northwest. The horsehoe is equipped with three beveled edges, and may be adjusted in a minute. This shoe, Mr. Downey says, increases the efficiency of a draft horse working on slippery pavements.

## DEFEND NEW SITE FOR REFORMATORY

Commissioners Answer Objections to Building.

Complying with the request of the resolution introduced Saturday by Senator Du Pont, the Commissioners will to-day send to the Senate a report replying to the contentions of the Mount Vernon Ladies' Society that the home of the first President will be desecrated by the location on an adjoining tract of the new District reformatory.

The protest of the Mount Vernon custodians was based on the issue of maintaining a criminal institution within a short distance of Washington's home and tomb. Led by Mrs. Levi Letter, the society has waged an active war, culminating with the introduction of Senator Du Pont's resolution.

The Commissioners' report will take up in detail the location of the property selected, showing that although it is but four miles from Mount Vernon, it is separated from it by Gunston Cove, about six miles wide, by the high ridge that divides the two original plantations, and a wide strip of heavily wooded forest.

It will be expressed as the Commissioners' plan to erect the reformatory buildings some distance from the water front, so that they will be entirely screened from the river. A stockade will inclose the reservations to prevent possible escape. A brick-making plant and possibly some other industries are contemplated.

The tract selected by the Commissioners embraces about 1,500 acres, and slopes from the ridge downward to Pollock Bay and Acotink Bay. The report will lay special stress upon the desirability of such an institution being located on the river front, thus providing quick means of transportation.

### ENGRAVERS DRAW DIVIDENDS.

Benefit Association Names Officers at Annual Meeting.

The ninth annual meeting of the Engraving Division Beneficial Association was held at Eagles Hall last night. A gross profit dividend of 83 cents on a dollar was paid, 55 out of the 97 members participating.

Reports of the secretary and treasurer were made, after which the annual election was held, the following officers being named: George L. Dant, president; Frank T. Howe, vice president; C. M. Hsieh, secretary, and John C. Prendel, treasurer. All were elected unanimously. The newly elected board of directors consists of H. M. Charney, H. W. Walstenholme, S. P. Abbott, C. M. Boswell, and F. A. McGuire. The retiring board was made up of F. B. Lauderbach, L. E. Bradford, C. M. Boswell, J. W. Butler, and J. F. Mulholland.

Salaries of the secretary and treasurer were increased and the members of the board of directors made salaried officers for the first time.
